CAREER RESOURCE CENTRE

**Nonny and Margaret
Warmly Welcome All**

New and Returning Students!

We house the greatest collection of information on educational and career planning that you have ever seen!

We have university calendars, college calendars, trade-school calendars, detailed profiles of every career from A-Z, and a magical computer aptitude test called "Match Maker Quiz".

We also have a great collection of work/study/volunteer abroad information.

We hope you come and see us soon.

Room 2E.15

from 10:00-1:00 & 2:00-4:00 every day.

COLLEGE INFO

Guide Dog on Campus

Hi, my name is Sherby. I'm a cute and cuddily female, yellow lab --

And more importantly, a guide dog.

You may see me roaming the Dawson halls, because although I have just graduated alongside my visually impaired mommy, we are now both employees!

This message is to remind new and returning staff/students that although I am very cute, it is important not to distract me while I'm working.

If I am wearing my harness, please remember never to pet me, feed me, talk to me or otherwise flirt with me --

This may put my handler in danger!

While I know I am tempting, please always ask my mommy (Natalie) if then is a good time to say hello!

Also, several of you have asked me what I wear around my mouth.

This tool is called a "gentle leader" and is not a muzzle -- I don't bite, only give kisses!

The gentle leader is used to keep me from eating food off the floor, and to help my blind handler understand which way I am guiding her.

I hope to meet you all soon!

Signed,
Sherby
